

## Parent newsletter week 2 – 2011

So much to do, so little time!

Tourneys in tennis, hoops, swimming, golf and soccer; socials with Camp Wicosuta for girls; July 4<sup>th</sup> fun and games; a trip to the New Hampshire Fisher Cats baseball game in Manchester; an entire camp “futsal” soccer tourney in Munger Hall; rock climbing and canoe trips; and two special events:

**Founder’s Week** – where campers do small projects around camp in honor of our Founders: Grant McCracken and Orton and then a presentation to someone at camp, either past or present, who served camp in a special way. This year we honored Dan Dougherty, legendary basketball coach from Episcopal Academy, who spent thirty summers at Tecumseh and established our basketball program. That tradition is now carried on by his son, Mike, our Athletic Director. His son, Brian, is also here for a week giving lacrosse instruction. Brian is a 3 time All-American and the former US National Team lax goalkeeper.

Jay Luff, our Trips leader, is off to **Baxter State Park in Maine** with four senior campers for his annual five day trip.

Erik Weihenmayer, CT alumnus and the only blind man to scale the world’s tallest peaks, including Mt. Everest, is due on campus this week and we look forward to his presentation Saturday night.

Last Saturday night we had something quite different: We had “Live from Center Harbor: Saturday Night Skit Night!” It was very entertaining!

Your sons are doing so well! Hard to believe that two weeks are gone already. We look forward to the last week and one-half for our first session campers and the arrival of a whole batch of new campers on July 20!

Just a reminder to second session families: if I haven’t heard from you regarding travel plans – especially bus or plane travel, let me know. Also, please complete all three pages of the medical form and send that to us with your son or before his arrival.

Best to all,  
Jim and Nina
